

Instructor: Robert Roy

email: rmroy@syr.edu

Office: 400D Carnegie

Office hours: Tu 3 to 4, Th 2:15-3:15, and by appointment.

Lecture: MoWeFr 12:45-1:40, 119 Carnegie

Recitation: Th 3:30-4:50, 203 Archbold Gymnasium

Please see the course-wide syllabus for more information.

WebAssign: You will need to create a WebAssign account at www.webassign.net.

You will “self enroll” into this section of MAT 295 using the class key, which is posted to blackboard (it's **syr 6655** something). Please use your NetID for your username and your @syr.edu email address. Make sure your name is as it appears in MySlice, including the capitalization! Yes, you will need to pay for WebAssign (a WebAssign access code comes with some textbook bundles).

Homework: There will be online WebAssign assignments for each section of the book.

There may be written homework assignments. You will complete all the assigned problems, and problems will be randomly graded. I will provide homework solutions. *I consider copying of homework assignments, from other students and from the Internet, as academic dishonesty. This will not be tolerated.*

Late homework will not be accepted for any reason. With this in mind, the Example assignments in WebAssign will be extra credit.

Quizzes: You will have a quiz each week in recitation (except when there is an exam).

Missed quizzes will count as a zero with no exceptions. With this in mind, the Example assignments in WebAssign will be extra credit.

Exams: You will take exams 1, 2, and 3 in recitation on Thursday, September 24, Thursday, October 22, and Thursday, November 19. The final exam will be scheduled by the registrar and will happen sometime between 8 and 2:30 on Wednesday, December 16.
