Course website: <https://smwehrli.expressions.syr.edu/teaching/mat-295-fall-2015/>

Please see the course-wide syllabus for more information.

WebAssign: You will need to create a WebAssign account at <https://webassign.com/>. You will “self enroll” into this section of MAT 295 using the following class key: **syr 6899 1757**. Please use your NetID for your username and your @syr.edu email address. Make sure your name is as it appears in MySlice, including the capitalization! You will also need to purchase a WebAssign access code (an access code comes with some textbook bundles; see <https://webassign.com/support/student-support/access-codes/> for more information).

Homework: There will be written assignments and online WebAssign homework. Some of the written assignments will be collected in class; these assignments will be listed on the course website. *Please write your name, NetID, “MAT 295 M100”, the recitation number, and the date in the top right corner of each page of your written assignments. Copying homework from other students or from the Internet will be considered academic dishonesty and will not be tolerated.*

Late homework will not be accepted for any reason. With this in mind, the Example assignments in WebAssign will be extra credit.

Quizzes: A short quiz will be given each week during recitations.

Missed quizzes will count as a zero with no exceptions. With this in mind, the Example assignments in WebAssign will be extra credit.

Exams: Exams 1, 2, and 3 will be given in class on Wednesday, September 23, Wednesday, October 21, and Wednesday, November 18. The final exam will be scheduled by the registrar and will happen sometime between 8 and 2:30 on Wednesday, December 16.
