Exams: There will be three midterm exams during the semester. These exams will be given during lecture on the following dates:

Exam 1	Thursday, February 9, 2017;
Exam 2	Thursday, March 9, 2017;
Exam 2	Thursday, April 20, 2017.

Make-up Exams and Quizzes: No make-up exams or quizzes will be given. The math department policy for a missed exam is that, if you can justify the absence to the satisfaction of your instructor, then your grade on the relevant portion of the final exam will be substituted for the missing grade. Typically, you will not be allowed to make up more than one exam this way. If you cannot justify your absence from an exam, then you will receive a grade of zero for that exam. Any exceptions to these procedures must be approved by the course supervisor. If you know in advance that you will have to miss a quiz or exam because of some major event, you should discuss this matter with your instructor well before the quiz/exam. **One quiz score will be dropped. There are no provisions beyond this for make-up quizzes.**

Final Exam: The final examination covers material from the entire course. It is a two-hour exam, and will be given sometime on **Monday, May 8, 2017 between 8:00 am and 2:30 pm.** The exact time and place will be announced midway through the semester. **The time cannot be changed, and all students must take the final exam at the scheduled time. Do not make plans to leave campus before 2:30 pm on Monday, May 8, 2017.**
