WebAssign: You will need to create your WebAssign account at <http://www.webassign.net> in order to submit your on-line homework. Use the class key: syr 2591 5308 to “self enroll” into this section of MAT 295. You should set up your account using your SU username and SU email address. Please do this today! An access code is needed to continue using WebAssign after the first two weeks of class.

Exam Dates:

Exam 1 February 14 (Wednesday)

Exam 2 March 7 (Wednesday)

Exam 3 April 11 (Wednesday)

Help: If there are homework problems you cannot solve, be sure not to ignore them because quizzes and exams will be not easier than the homework. You are encouraged to ask questions at the beginning of each class and recitation about the homework and concepts we covered. Many students need help outside of the classroom. Here are the ways to get help: Send an email if you have a small question. Go to office hours or set up appointments with your instructors. Finally, you can take advantage of the help offered in the Calculus Clinic and the Math Clinic. The hours and location are posted on <http://math.syr.edu/undergrad/math-help.html>.

Homework: Homework for the entire semester is listed on the Homework Sheet posted on Blackboard. Due dates for the on-line portion are posted on WebAssign. It is worth 8% of your grade. Written problems will not be collected. Some variations from the list of homework exercises may be announced in class or online. It is essential to do all the homework assignments in a timely fashion.

Quizzes: From the second week on, there will be a quiz in recitation every week. The specific sections covered by each quiz will be announced in lecture. The lowest quiz score will be dropped. Quizzes are worth 12% of your grade.

Make-up Policy: A missed quiz or exam will count as a zero unless it is due to a documented religious observance, University-sponsored team event, or documented emergency. For religious observances and University-sponsored events, this documentation must be submitted in advance, and you must make arrangement to take the quiz or exam before the class does. For emergencies, you must present documentation from a physician or from the Deans Office as soon as you are able to resume attending classes. In such cases, a missed quiz will not be counted toward the final grade and a missed exam score will be replaced by the score on the corresponding portion of the material on the final exam.
