

**Syracuse University**  
**MAT296 – Calculus II – Section M100 – Spring 2018**  
**Supplement to the Course Syllabus**

**Instructor:** Dr. Amy P. Macrina  
**Office:** 313D Carnegie  
**Office Hours:** M 12:45p – 1:45p & W 8:15a – 9:15a  
**Email:** [amacrina@syr.edu](mailto:amacrina@syr.edu)

**Course Information:**  
SECTION # M100  
MWF 9:30a – 10:25a in the Stolkin Auditorum (Physics)  
Recitation: Thursdays (varying – please see your schedule)  
Teaching Assistants: TBD

**\*Please download and read the Course-Wide/ Extended Syllabus that is posted to our Blackboard course! This syllabus contains information regarding the grading policy, course attendance, use of technology, Office of Disability Services, the University's Academic Integrity policy as well as other resources and tips.**

**Email:** The best way to contact me is via email. Please be sure to include your first and last name as well as course and section # in the body of the email. I will respond within 24 hours Monday – Thursday. If you email me after 3pm on Friday, you will receive a response by Monday morning

**Homework:** Homework assignments are available online via [www.webassign.net](http://www.webassign.net). Homework assignments are an integral part of the course. **DO NOT NEGLECT THEM!** Homework assignments must be submitted online according to the due dates on WebAssign. Please login and register for the class and the calendar will tell you when assignments are available and their given due dates. You will need an access code (this comes with a purchase of a new textbook or you may purchase this directly from the website).

You will also need a class key. **The class key is: syr 3105 2308**

**Note: Please login to WebAssign daily to check the schedule and work on the assignments.** Written assignments will NOT be accepted. Late homework assignments will NOT be accepted.

**Note:** You can access WebAssign now and have free access for 14 days beginning 1/16. At the end of which time you will be required to enter the access code that you purchased or purchase one directly from that website.

If you use the free temporary access, please do NOT create a separate account once you purchase the code. You can add it to the account that you already have. Technical support for WebAssign is available at <http://support.cengage.com/victoriaweb/primarypage>

**Note:** In Blackboard, there is a posted list of assigned textbook (i.e. written) problems. These assignments will not be collected nor will they be graded. However, it is in your best interest to complete ALL of the assigned problems.

**Blackboard:** The syllabus, class handouts, and announcements will be posted on Blackboard. Please check Blackboard regularly for any class related information (for homework – please check WebAssign) as well as your student email, as announcements will also be sent to you via email. Grades for quizzes and exams will also be posted in the Blackboard Grade Center. Please note that your earned homework scores are given in WebAssign. Homework grades will be transferred to the Blackboard Grade Center at the end of the semester.

**Quizzes:** Quizzes will be short and administered during recitation. The quiz questions will be similar to homework problems and lecture examples. Each quiz will cover the sections covered in lecture since the last quiz. Quiz topics and reminders will be announced on Blackboard. There are no make-up quizzes. However, to account for emergency situations up to two quizzes may be missed. If you take all of the quizzes, your lowest two quiz grades will be dropped.

**Exams:** Exams will be administered in class. Be sure to bring at least two black or blue pens to each exam. You will not be allowed to use red or pink pen or pencil. Use of calculators or any electronic device is not permitted on exams (or quizzes). Please check the lecture schedule and plan to be in class on the exam day. There will be no make-up exams (for any reason). If you have a documented, extenuating circumstance, please refer to the policy on the Extended/Course-wide syllabus. You will need to contact your instructor and the Dean's Office. In the case of an extenuating circumstance, the 0 will be replaced with the score you earn on the corresponding subsection of the final exam.

**Syracuse University**  
**MAT296 – Calculus II – Section M100 – Spring 2018**  
**Supplement to the Course Syllabus**

**Recitation:** During recitation in addition to taking quizzes, time will be spent discussing questions about the homework. It is in your best interest to not only finish each assignment, but to understand the course concepts and how to apply them to solving the homework problems.

**Inclement Weather:** Be sure that you are signed up for Orange Alert and check the university webpage in the event of inclement weather. In addition, please check your email and Blackboard for course specific information.

**Grading Note:** The grading policy is outlined in the course-wide syllabus. Please note that the 15% quizzes and homework percentage will be broken down into 5% homework and 10% quizzes when determining your overall course grade. **Electronic Devices:** Please note that calculators and other electronic devices are not permitted on quizzes and exams. If a cell phone or other electronic device is out during exam or quiz then you will at minimum receive a zero for that assessment.

**Extra Credit:** There is no extra credit. Please do not ask.

**Tentative Lecture Schedule:**

\*Note: Quizzes will be administered during recitation
