WebAssign: You will need to create your WebAssign account at <https://www.webassign.com/> in order to submit your online homework. The class key: **syr 9026 9568** can be used to enroll into this section, MAT296, M006. Please set up your account using your SU username and SU email address.

Exams: The midterms will be given Thursdays, during the recitation meetings. The final exam is comprehensive two-hour long exam. Time and location for the final exam are to be announced.

- Exam 1: Thursday, Feb 7, in recitation
- Exam 2: Thursday, March 7, in recitation
- Exam 3: Thursday, April 11, in recitation
- Final: May 7

Homework: Homework problems for the whole semester can be found on the general syllabus of MAT296. Due dates for the online part are posted on WebAssign. Late homework is NOT accepted. This course is built up in an ordered way so that later material is based on previous content. Therefore, it is very important to keep up with the class, and working on your homework is a good way to do so. The homework is worth 8% of your grade.

Quizzes: There will be a short quiz in the recitation meeting every week except the first, last weeks and the midterm weeks. There will be NO make-up quizzes, but the two lowest scores will be dropped. The homework is worth 7% of your grade.

Resources: You can come to my office hours for help or just ask questions before or after classes! Additional help is available in the Math Clinic and Calculus Help Center; see the schedules here: <http://math.syr.edu/help> Please follow Blackboard and WebAssign for announcements, homework, handouts, solutions, and other items. Small group tutoring is also available from CLASS: <http://class.syr.edu/tutoring/get-a-tutor/>
